

## *Message of Gratitude:*

*I want to personally thank all of my readers and supporters. You are appreciated! I am an author today only because of God's grace and mercy. I almost gave up, living on the edge, but God saved me so I could be an example of change for the misguided.*

*Know in your heart that I am forever committed to helping save our youth from death and destruction. When you support my literary work, you are supporting my mission to save your sons and daughters. For that, I am truly grateful.*

*May God bless you and Heaven Smile upon you!!!*
