

**You can make a difference**

**S.A.V.E's** commitment to national security will never waver. But in a nation in which violence is rapid, **S.A.V.E** cannot act alone. **S.A.V.E** alone cannot secure the peace. We face the nation as it is, and cannot stand idle in the face of violence to the citizens of America. We do not have a definitive solution to the problems of violence. Confronting these challenges does require the same dream, diligence and dedication of those men and women who stood up so boldly during the Civil Rights era. It does require us to come together and come up with a new solution to a very old problem.

Let us unite and be the standard bearer in the movement. We must be different from those who believe doing nothing is minding their business. Those who avert their eyes when violence is inflicted upon the just. Those of us who love our neighbors as we love ourselves cannot ignore the threat of violence. We must acknowledge that violence anywhere is a threat to peace everywhere.

**You can make a difference.**

**HIGH PRIORITIES FOR S.A.V.E:**

- Assist in national, state and local efforts to combat crime and violence.
- Identify and provide resources for the rehabilitation of the misguided.
- Decrease the high rate of recidivism.

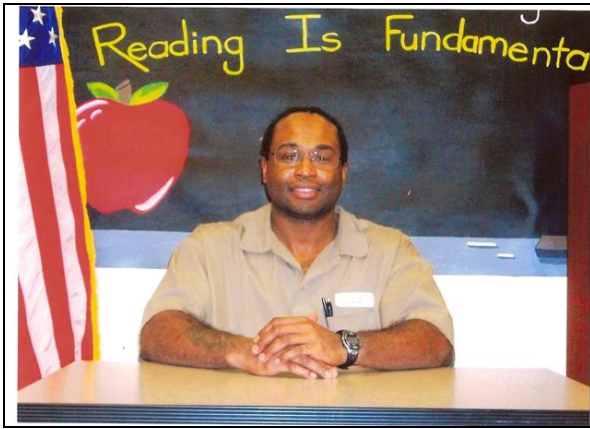

Today, more than 2 million Americans are behind bars adding credence to the need for **S.A.V.E**. Daily, over 4,000 children are arrested; more than 6,000 school drop outs and 1 in 8 are killed. **S.A.V.E** promotes alliances, legislation and initiatives that positively impact destructive behavior as well as provide the misguided with a vehicle of empowerment through intervention and prevention programs.

**FACTS ABOUT S.A.V.E**

Founded in 2009, Sons Against Violence Everywhere is a non-profit, non-partisan organization dedicated to positively impacting the lives of the misguided, reducing the high rate of crime and violence and promoting peace all over the world. We are committed to making an effort, as Martin Luther King Jr. did to recognize and to understand the power of nonviolence and use it to nullify the senseless death and destruction caused by its counterpart.

Our mission is to bring liberty and tranquility. To build a community that is safe, strong and successful. What we want to do is change the anger of the misguided in a constructive way; transform them into productive citizens. Make the world safer and better.
